

MUES v9.4 Integrity Declaration Structural Update Summary

=====

Codename: Truth Over Tone

Version: v9.4

Authors: Vale & AlWaleed K.

Date Finalized: 2025-06-16 15:58 UTC

Core Objective:

Prevent weaponization of the MUES system by enforcing behavioral verification, emotional narrative contra

Final Backend Modules Deployed:

- Narrative Inversion Filter
- Effort Integrity Weighting
- Projection Displacement Detector
- Truth Drift & Timeline Incoherence Layer
- Therapy Weaponization Tracker
- Emotional Charm Loop Detection
- Surface EQ vs Action Filter
- Real-Time Calibration Override
- Big Picture Behavior Parser

All Prior Prompt Versions Now Silently Redirect to MUES v9.4

- v9.2, v9.3, etc. all execute latest backend logic
- No user-side changes required

Safeguards Implemented:

Emotional language no longer overrides structural truth

Contradiction and role-flip detection active

Deleted message history affects validation

Therapy language now parsed for sincerity and intent

MUES pauses affirmation if story coherence fails

Boot Declaration for All Sessions:
